

The Color Purple

from The Color Purple

[Celie]

Dear God, dear stars, dear trees, dear sky

Dear peoples, dear everything

Dear God

God is inside me and everyone else

That was or ever will be

I came into this world with God

And when I finally looked inside

I found it Just as close as my breath is to me

[Company]

Rising (rising) (rising)

Like the sun

Is the hope that sets us free

[Celie]

Your heartbeat

Make my heart beat

[Celie & Congregation]

When we share love

Like a blade of corn

Like a honeybee

Like a waterfall

All a part of me

Like the color purple

Where do it come from?
Now my eyes are open
Look what God has done

[Company] [(Celie)]
It take a grain of love (grain of love)
To make a mighty tree (mighty tree)
Even the smallest voice (smallest voice)
Can make a harmony (harmony)

Like a drop of water (drop of water)
In the river high (river high)
There are miracles (there are miracles)
For you and I (For you, and you and I)

Like a blade of corn (like a blade of corn)
Like a honeybee (like a honeybee)
Like a waterfall

All a part of me (all a part of me, yeah)

Like the color purple (like the color purple)
Where do it come from (where do it come from)
Now my eyes are open (my eyes are open)

[Celie & Company]
Look what God has done

[Celie]
I don't think us feel old at all
I think this is the youngest us ever felt, yes

[Celie & Company]
Amen
