

Happy Seasons
Earth Wind & Fire

[instrumental intro]

Seasons, happy seasons in the music that we're giving
Feel the power every hour, every moment that we're livin'
Little babies, tell the story of Mother Nature and it's glory
Share the feeling with your brother,
Don't stop carrying for one another!
There's a reason for the season
What you're yearnin', life's a burnin'

Seeeeasons, happy seasons happy seasons
Seeeeasons, happy seasons happy seasons
Seeeeasons, happy seasons happy seasons

Share the feeling with your brother,
Don't stop carrying for one another!
