

Imagination
Earth Wind & Fire

Fa la la
Fa la la la la
Fa la la la la la la
Faaa
Fa la la la la la laaa

Magic mirror come and search my heart
Can you tell me what you see
There's a thousand voices whispering
Songs and you're the melody

So I imagine my heart with you
See what imagination can do
It's not hard to conceive
Love ecstasy
Imagining you and me (Ahh, Ahh, Ahh)

Many, many days our shadows passed
Seeing visions of a new
bright horizon Set the morning light
And that morning light is you

So I imagine my heart with you
See what imagination can do
It's not hard to conceive
love ecstasy imagining you (imagining you), imagining me (imagining me)
The beauty we both can see

Fa la la la la
Fa la la la la
Fa la la la laaa

Fa la la la la
Fa la la la la
Fa la la la laaa

Fa la la la la
Fa la la la laaa
Fa la la la laaa

Fa la la la laaa
Fa la la la la la la laaa

You're the dream I prayed would come along
To make me all my fantasy
Day and night you live inside my heart
You're the flame of love to me

So I imagine my heart with you
See what imagination will do
It's not hard to conceive
love ecstasy imagining you, imagining me
The beauty we both can see

Ahh ahh ah
