

YOU ARE WELCOME HERE

By Karen Drucker

You are welcome here, you are welcome here

You are welcome here

You are welcome here, you are welcome here

You are welcome here

Our arms are wide open

There's room for everyone

Wherever you're going

Wherever you're from, you are home

You are welcome here, you are welcome here

You are welcome here

You are welcome here, you are welcome here

You are welcome here

Whatever you've been through

You found us somehow

Wherever you are on your journey to now

You are home

You are welcome here, you are welcome here

You are welcome here

You are welcome here, you are welcome here

You are welcome here

I am welcome here, I am welcome here

I am welcome here

I am welcome here, I am welcome here, I am welcome here

YOU ARE WELCOME HERE

We are welcome here, we are welcome here

We are welcome here

You are welcome here, we are welcome here

We are welcome here
