

Lyrics - "The Dream Goes On" (by Charlie Cooper, Jr.)

Chorus:

The Dream, The Dream Goes On
The Dream, is movin' strong
Come join in harmony, and sing
along
The Dream, The Dream Goes On

Brothers and sisters take my hand
Together we'll reach the
promised land
With love on our side we'll take a
stand
That the dream goes on

Verse:

All the world shout out loud
Discrimination is not allowed
We've got to free, We've got to
be proud
Someday, Somehow

Vamp:

Oh yes, The Dream Goes On

Every man, woman, boy and girl
We can create a brand new world
Participate, don't hesitate
And we'll see it through

CHORUS

3rd and 4th Verse:

I know the past...is filled with
pain
Even today it still remains
We're gonna rise up and
proclaim
That the dream is alive.
