

## God Is Everywhere (Cappy Lewis)

||: God is over here, God is over there,  
God lives in all of us, God is everywhere. :||

He's there when babies are born, and when loved ones die  
He's there when you're happy, he's there when you cry.  
When you believe in God, the battle is won  
Whatever you ask of Him, it will be done.

||: God is over here, God is over there,  
God lives in all of us, God is everywhere. :||

You lived a life of a quitter, now you're ready to change,  
Reach out to God, call out His name  
Don't wait til tomorrow, do it today  
Ask God for help, He's just a prayer away.

||: God is over here, God is over there,  
God lives in all of us, God is everywhere. :||

Bridge:

||: God is Everywhere, God is Everywhere  
God is here, and God is there, God is Everywhere

You can do wrong things in the darkness of night  
Nobody knows, no one's in sight  
The eyes of God are watching you,  
He knows how you think, and he knows what you do.

Chorus (repeat til cue):

||: God is over here, God is over there,  
God lives in all of us, God is everywhere. :||
